SR3D BINAURAL MICROPHONES
Copyright AWI 2016

ver 1.0.3

Thank you for choosing the SR3D binaural microphone.

Safety precautions:

Do not touch the microphone capsules inside the ears.

Do not use in the rain – keep the microphone dry.

Never drop or sharply jolt the microphone.

Do not chew the ears, or put them in your mouth, use any liquid or push/pull hard against them.

Only use PP3 (9v) batteries to operate the microphone (SR3D battery versions)

What's included:

One SR3D binaural microphone

This SR3D booklet

Care and Maintenance: SR3D Basic & SR3D PRO

Only use PP3 batteries to power the microphone

Keep the microphone away from other electronic devices to avoid interference –

Switch off cell/mobile phones, etc.

Switch off the microphone when not in use to conserve battery life

Keep the microphone away from dust and dirt.

Clean only with a soft damp cloth.

XLR versions: 48v Phantom power, & Battery type*

Keep the microphone away from other electronic devices to avoid interference –

switch off cell/mobile phones, etc.

Keep the microphone away from dust and dirt.

Clean only with a soft damp cloth.

* possible future feature

Battery replacement:

Push the battery holder draw to the left to unclip the holder, and remove the draw from the microphone.

Insert a new PP3 battery making sure that the polarity is correct, insert back into battery socket and push down until the draw clicks into place.

XLR versions

SR3D PRO XLR models ship only with the microphone and SR3D booklet

The XLR microphone requires standard 48V Phantom power.

Plug the XLR cables into the recorder first, then arm the recorder, **do not arm the recorder without first plugging in the microphones.**

Important Notice

All statements, technical information, and recommendations related to Seller's products are based on information believed to be reliable, but the accuracy or completeness thereof is not guaranteed. Before utilizing the product, the user should determine the suitability of the product for its intended use. The user assumes all risks and liability whatsoever in connection with such use.

Disclaimer

AWI shall not be liable for any loss or damage of whatever nature (direct, indirect, consequential, or other) whether arising in contract, tort or otherwise, which may arise as a result of your use of (or inability to use) SR3D binaural microphone series.

WEEE Directive & Product Disposal

At the end of its service life, this product should not be treated as household or general waste. It should be handed over to the applicable collection point for recycling of electrical and electronic equipment, or returned to the supplier for disposal.

Limited Warranty

(AWI [audio with intelligence]) warrants this product to be free from defects in materials and workmanship for one year from the date of purchase.

(AWI) will at its sole option, repair or replace any components which fail in normal use. Such repair or replacement will be made at no charge to the customer for parts and labor. The customer is however responsible for any transportation costs. This warranty does not cover failures due to abuse, misuse, accident or unauthorized alteration or repairs.

A copy of the original sales receipt is required as proof of purchase for warranty repairs.

Declaration of conformity

We, AWI, declare that the products, the SR3D and SR3D-PRO, to which this declaration relates, is in material conformity with the appropriate CE standards and directives for an audio product designed for consumer use.

Any unauthorized modification of the products voids this Declaration.
